Do you love music? No matter your experience level, CSI MUSICFEST is the place for you! This week-long summer camp on the beautiful College of Southern Idaho campus provides opportunities for you to be immersed in music making. Focused study is available in strings, woodwinds, brass, percussion, piano, jazz, and voice. The daily schedule includes seven hours of hands-on instruction laid out to engage students thoroughly from beginning to end. Exceptional faculty work closely with you in small and large ensemble settings, as well as in daily master classes and sectionals. Listening labs brings theory and history of music to life! Each afternoon, students have the chance to shine alongside faculty mentors at the camp's performance spotlight. Private lessons and a range of elective areas are available to round out the camp experience. The week's learning culminates with student recitals, showcases, and mainstage concerts for friends, family, and community to enjoy. CSI MUSICFEST promises to be an unforgettable experience where students build life-long friendships through the power of music making!
