# Safety Protocol for Spring 2021 Semester

The College of Southern Idaho welcomes its students back to campus this spring with programs designed to keep students safe and on track to reach their academic and personal goals. To accomplish these goals, there will need to be some modifications to ensure the safety of students and faculty.

**All students and teachers are required to wear masks during spring classes, which includes these enrichment courses, so bring and wear your mask to class** in addition to washing your hands, staying home if you are sick, etc. Also, be aware of social distancing so just **keep up the practice of staying/sitting six feet away from other students and teachers**, which means empty seats between students.

Our CSI maintenance crew is working double time cleaning and disinfecting classrooms. In response to COVID-19, buildings have been adjusted to bring in more than the minimum required fresh outside air. Filters are replaced on a regular schedule which varies depending on the type of system and type of building occupancy. We are upgrading to filters that will capture 80%-90% of particles in the air. Viruses are too small to be captured by filters, but the filters capture particles and water droplets that harbor viruses.

Faculty may require students to follow additional safety procedures and use additional personal protection gear as necessary, especially in classes where hands-on instruction is required. This will be the case in such classes as Pottery. You will receive additional information after registration for these classes.

Please treat everyone with respect and kindness recognizing that everyone is doing the best they can in extraordinary circumstances.

I think together we can pull off a fairly safe and super fun spring semester! Please let me know if you have any questions.

*Camille Barigar, Director of Community Enrichment*

## CREATIVE WRITING

Have you ever felt that you would like to write down the stories from your life - the funny, the sad, the profound - but have not had the opportunity or encouragement to do so? Are you looking to get your creative juices flowing and let your imagination and experiences pour onto the paper? Whether you're a beginner or an advanced writer, this creative non-fiction writing workshop taught by CSI Theater and English instructor Shane Brown and Idaho poet Laureate and English professor Jim Irons, will craft your skill and sharpen your writing. During the workshop, you will read and discuss examples from various writers, use these as models to create your own work, and workshop your own, and others' writings in a safe yet challenging setting.

## BEGINNING GUITAR

Did you get a new guitar for Christmas or do you have an old one collecting dust in your house? Have you always wanted to learn how to play? If so, this class is for you! Performing musician and CSI guitar instructor Michael Frew offers this quick-start course for beginning guitar students. You'll build basic guitar skills step-by-step with the help of hands-on exercises in a group setting. You will learn how to play chord diagrams and basic music, varying strum patterns, how to tune your guitar, how to replace your guitar strings, how to use a capo and tuner, and much more. Students should bring their own guitar

## MAGIC VALLEY SYMPHONY

The Magic Valley Symphony is a full symphony orchestra of volunteer musicians led by Theodore Anchor Hadley, Music Director/Conductor that performs four concerts a year, including a spring pops concert. The Symphony provides a weekly opportunity for adult and student musicians to enjoy rehearsing and performing beautiful music together. Our concerts bring symphonic music of many kinds to an enthusiastic audience and often feature outstanding guest artists. Now presenting our 61st consecutive season, the Symphony is proud to be an acknowledged leader among the music community of southern Idaho. Special adjustments are in place to meet current COVID-19 safety guidelines. If you have questions, please contact Ted Hadley @ [thadley@cableone.net](mailto:thadley@cableone.net) or call or text 208-600-3052.

### **INTRO TO WELDING & METAL ART**

Explore the technology of welding to create a metal piece that will become something beautiful and durable... or just to brush up on your skills and work on a specific project or art piece! During this hands-on course, students will learn about shop safety, arc and mig welding, grinding, plasma, oxy/fuel torch, cold saw, and disk cutting, and paint, chemical, and heat metal coloring techniques. The end result will be a finished project to take home at the end of the semester. Come dressed ready for welding in jeans, leather shoes/boots, and long-sleeved shirts of canvas or cotton. Loaner welding helmets, safety glasses, ear plugs, respirators, leather jackets, and gloves will be loaned to students if needed.

### **STUDIO POTTERY**

Explore a variety of pottery fundamentals while using clay as an expressive medium to create one-of-a-kind functional and decorative pieces. During the 25 hours of studio time, you'll learn hand-building fundamentals, wheel-throwing, and basic elements of sculpture from ceramicist Christina Dowdy. Finish your pieces with a myriad of glazing and decoration techniques. Beginning and experienced potters alike will advance their skills and sense of creativity. Students can expect to use between 2 and 5 bags of clay per class depending on the scope of their chosen project(s).

### **DIY WOODWORKING PROJECTS: CUSTOM PLAQUES WITH ANTIQUE FINISHING**

In this class, you will start with a blank slab of wood and then transform it into something special using a variety of different antiquing and distressing techniques. If you have ever been interested in woodworking and are looking for a great place to start, this is it. Familiarize yourself with different pieces of woodshop equipment and how to use them safely. Begin by choosing one of five custom sign design projects, and then complete your sign by learning how to build frames and distress using chisels, scrapers, and worm holing. Additional activities will include: staining, painting, chalk painting, glazing and various finishes. Leave class with a handy new skill set as well as a new one of a kind sign to take home.

### **JAPANESE TEABOWLS & THE JAPANESE TEA CEREMONY**

In this course brought to you by CSI Visual Art instructor Mayumi Kiefer, you will get the unique chance to learn the history and cultural significance of the traditional Japanese tea ceremony and the methods used for making a tea bowl. You'll explore each component of the tea serving set - the tools, ingredients and movement - from aesthetic, cultural, and practical points of view. This course will be a great way to examine your own cultural perspectives and not just a look at a "curious custom", so come with an open mind and be prepared to experience communication and cultures from a non-western point of view. You'll be introduced to the four main methods of making a tea bowl (coil, pinch, thrown or sculpted), and will be able to make one or more of these bowls to take home with you at the conclusion of the course. NOTE: Traditional Tea Ceremony is an art form licensed by several ancient schools, and this course does NOT provide any official certification or license.

### **RAPTOR IDENTIFICATION**

Raptors are some of the easiest birds to view in Southern Idaho. They can be seen perched on wheel lines, power lines and poles, hunting low over farm fields, or soaring overhead throughout the year. In this course you will learn how to use their field markings, flight patterns, habitat selections and behaviors so that when you see a raptor, you’ll be able to confidently add it to your list. Participants will learn to identify eagles, falcons, buteos, accipiters, owls, turkey vultures, and harriers during classroom sessions and a Saturday field trip conducted by the Magic Valley’s very best birders from Prairie Falcon Audubon, Inc. You will need to bring their own binoculars to class and drive themselves to the field locations.

## **GRANT WRITING 102: FINDING, WRITING, & WINNING THE FUNDING YOU NEED – NEW!**

Grant Writing 102 is based upon the principles and instruction included in the Grant Writing 101 course. Participants with more experience writing grants will have an opportunity to receive detailed critical feedback as

they develop a proposal. A central goal of the course is to develop clear Specific Aims Page (which supplies additional background information) as the heart of the grant, which attendees will submit prior to class. This will be used for discussion, critique and suggestions from your instructors and classmates. Typically a project will go through several cycles before moving on to writing the rest of the proposal. A participant may aim to fully develop a proposal and submit it at the end of the workshop, or may choose to develop a proposal over several workshops. Participants are encouraged to use the workshop to prepare revisions of previously reviewed grants, competitive renewals of previously funded grants, as well as new proposals.

This course is designed to educate both beginners and seasoned anglers with new methods and perspectives on targeting species of choice in Southern Idaho waters. Learn how to identify bodies of water with species habitat and feeding tendencies. Discover the best times of the year to find trophy fish per species and area, and the methods to land a whopper. Topics will include lure choice and gear, retrieval methods and more. This course will cover species such as smallmouth bass, walleye, trout and more! The course includes optional field trips (bring sack lunches to the trips and provide your own transportation). Instructor Kyle Zemke is a native of southern Idaho, competes at the national level as a professional kayak fisherman, and owner of ZR Custom Tackle here in Mini-Cassia.
